Date of Birth: January 13, 2003

Nationality: Filipino

Profile Summary

Proactive and detail-oriented Web Developer with over 5 years of experience creating visually appealing and user-friendly websites. Proficient in front-end and back-end technologies, adept at collaborating with cross-functional teams to deliver high-quality projects within deadlines. Skilled in problem-solving and troubleshooting to optimize website performance and enhance user experience.

Work Experience

• Web Developer

Demonstrated ability to design and develop interactive websites from concept to completion, ensuring seamless functionality across different platforms. Experienced in utilizing various programming languages and tools to build responsive websites that align with client objectives and industry standards. Strong communication and teamwork skills, with a passion for staying current with emerging web technologies to drive innovation and exceed client expectations. Successfully managed full project lifecycles, including requirements gathering, design, development, testing, and deployment. Collaborated with designers and stakeholders to translate client needs into functional website features, incorporating best practices for usability and accessibility. Implemented secure coding practices and integrated SEO strategies to improve website visibility and performance. Conducted thorough testing and debugging to resolve issues and maintain optimal site functionality for optimal user experience.
