Address: Ph9, Pkg6, Blk10, Lot4, Caloocan City, 1428,

Date of Birth: January 13, 2003

Nationality: Filipino

👤 Profile Summary

Innovative Web Developer with a passion for creating dynamic and user-friendly websites. Proficient in a variety of programming languages and technologies, with a strong focus on responsive design and optimization for performance. Skilled in collaborating with cross-functional teams to deliver high-quality web solutions that meet client objectives.

💼 Work Experience

- **Web Developer**

Demonstrated expertise in developing custom web applications and websites for diverse clients across multiple industries. Utilized HTML, CSS, and JavaScript to build interactive and visually appealing interfaces, ensuring seamless user experiences. Implemented backend functionalities using PHP, Python, and Node.js, integrating databases to store and retrieve data efficiently. Collaborated closely with designers and project managers to translate client requirements into functional specifications and technical solutions. Conducted thorough testing and debugging to ensure the reliability and security of web applications. Proficient in version control with Git, maintaining clean and organized code repositories for team collaboration. Focused on continuous learning and staying updated on emerging technologies and best practices in web development. Proactively identified opportunities for improvement in existing projects, optimizing codebase for enhanced performance and scalability. Strong communication and problem-solving skills, with a track record of delivering projects on time and within budget.

🎓 Education

- **Bachelor's Degree**
